

FAYETTE COUNTY SCHOOL CORPORATION

MEDIA RELEASES AND INTERVIEWS

Dear Parent:

From time to time the school releases students' pictures, names, etc., to the local news media. This may be in the form of a group or individual picture in the newspaper about a school or class activity, a recording or a student's voice on the radio promoting a school project, a video clip on TV, etc. Representatives from the local news media may also talk with students about their participation in school activities or a learning activity, and include the student's perspective in news articles or media communication. Protecting instructional time is a priority of the school. A student may decline being photographed or interviewed.

Please complete the form below and have your child return it to the teacher or sponsor of the activity.

- I give my permission for individual and group photos, and information regarding school activities and events involving my child to be shared with the local news media.*
- I give my permission for local news media to interview my child as part of a school or class activity.*

Student Name

Grade

Parent Signature

Date

This form does not apply to student sensitive information or personally identifiable information from your child's educational record.

Permission of the student's teacher, coach or extra-curricular activity sponsor and principal is also required.
