HEALTH SERVICES MEDICAL INFORMATION FORM**

To: Parents  
From: School Health Services  
Re: Bus Riders with Health Problems

If your child has a health problem, we encourage you to notify your child's bus driver/drivers. We feel the time spent traveling to and from school is a critical time. Pamphlets on asthma, epilepsy, and diabetes have been distributed to each driver.

If a health problem exists, please fill in the blanks below and return it to the driver or send it to school, and we will see that the driver receives the information.

Thank you,

School Health Services
